

Amendments to the Claims

Please amend the claims as follows:

1. through 2. (Cancelled)

3. (Withdrawn) A pharmaceutical composition which comprises a first component which is clozapine and a second component which is (1R,4S,5S,6S)-4-[(2'S)-(2'-Amino)-propionyl]amino-(2-sulfonylbicyclo[3.1.0]hexane)-4,6-dicarboxylic acid.

4. (Withdrawn) A method for treating a patient suffering from or susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is clozapine, in combination with an amount of a second component which is (1R,4S,5S,6S)-4-[(2'S)-(2'-Amino)-propionyl]amino-(2-sulfonylbicyclo[3.1.0]hexane)-4,6-dicarboxylic acid.

5. (Withdrawn) A pharmaceutical composition which comprises a first component which is clozapine and a second component which is (1R, 4R, 5S, 6R)-4-amino-(2-oxabicyclo[3.1.0]hexane)-4,6-dicarboxylic acid.

6. (Withdrawn) A method for treating a patient suffering from or susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is clozapine, in combination with an amount of a second component which is (1R, 4R, 6S, 6R)-4-amino-(2-oxabicyclo[3.1.0]hexane)-4, 6-dicarboxylic acid.

7. (Withdrawn) A pharmaceutical composition which comprises a first component which is clozapine and a second component which is (1S, 2R, 4S, 5S, 6S)-2-amino-4-fluorobicyclo[3.1.0]hexane-2, 6-dicarboxylic-acide.

8. (Withdrawn) A method for treating a patient suffering from or susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is clozapine in combination with an amount of a second component which is (1S, 2R, 4S, 5S, 6S)-2-amino-4-fluorobicyclo[3.1.0]hexane-2,6-dicarboxylic acid.

9. (Withdrawn) A pharmaceutical composition which comprises a first component which is clozapine and a second component which is (+)-2-aminobicyclo[3.1.0]hexane-2,6-dicarboxylic acid.

10. (Withdrawn) A method for treating a patient suffering from or susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is clozapine in combination with an amount of a second component which is (+)-2-aminobicyclo[3.1.0]hexane-2,6-dicarboxylic acid.

11. (Previously Presented) A pharmaceutical composition which comprises a first component which is olanzapine and a second component which is (1R,4S,5S,6S)-4-[(2'S)-(2'-Amino)-propionyl]amino-(2-sulfonylbicyclo[3.1.0]hexane)-4,6-dicarboxylic acid.

12. (Currently Amended) A method for treating a patient suffering from or susceptible to ~~a psychiatric disorder~~ schizophrenia, comprising administering to said patient an amount of a first component which is olanzapine in combination with an amount of a second component which is (1R,4S,5S,6S)-4-[(2'S)-(2'-Amino)-propionyl]amino-(2-sulfonylbicyclo[3.1.0]hexane)-4,6-dicarboxylic acid.

13. (Withdrawn) A pharmaceutical composition which comprises a first component which is olanzapine and a second component which is (1R, 4R, 5S, 6R)-4-amino-(2-oxabicyclo[3.1.0]hexane)-4, 6-dicarboxylic acid.

14. (Withdrawn) A method for treating a patient suffering from a susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is olanzapine in combination with an amount of a second component which is (1R, 4R, 5S, 6R)-4-amino-(2-oxabicyclo [3.1.0]hexane)-4,6-dicarboxylic acid.

15. (Withdrawn) A pharmaceutical composition which comprises a first component which is olanzapine and a second component which is (1S, 2R, 4S, 6S)-2-amino-4-fluorobicyclo[3.1.0]hexane -2, 6-dicarboxylic acid.

16. (Withdrawn) A method for treating a patient suffering from or susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is olanzapine in combination with an amount of a second component which is (1S, 2R, 4S, 6S)-2-amino-4-fluorobicyclo[3.1.0]hexane -2, 6-dicarboxylic acid.

17. (Withdrawn) A pharmaceutical composition which comprises a first component which is olanzapine and a second component which is (+)-2-aminobicyclo[3.1.0] hexane -2,6-dicarboxylic acid.

18. (Withdrawn) A method for treating a patient suffering from or susceptible to a psychiatric disorder, comprising administering to said patient an amount of a first component which is olanzapine in combination with an amount of a second component which is (+)-2aminobicyclo[3.1.0]hexane -2, 6-dicarboxylic acid.

19. through 22. (Cancelled)
